# GAFFNEY'S

(*Late Rentiers'*)

# VICTORIA HOTEL,

**And General Mail Coach Office,**

**Corner of Gray and Thomson Streets, Hamilton.**

**W. J. GAFFNEY** begs to inform the Settlers, Farmers and Residents generally of the Western District that he has succeeded Mr. Rentiers in the occupation of the Victoria Hotel, and trusts that the patronage so liberally accorded to this well-known hostelrie during a number of years will be continued in his favour.

The accommodation of this first-class Hotel has recently been considerably increased, and the house still continues to serve out the best of Wines, Beers and Spirits; has excellent clean bedrooms, substantially covered tables, and good and extensive stabling.

There are first-class Billiard and Bagatelle Tables in connection with the house; also a large Concert Room for Balls, Public Meetings, &c., &c.

☞ All the Mail Coaches stop at this house, where passengers and parcels can be booked to all places in the colony.

W. J. G. desires to announce to the patrons of the late landlord that it is his intention so to conduct the Victoria Hotel as to merit the continued, if not the increased, support of the gentlemen and familes in the Western District who have hitherto patronised the house; and he is confident that, from his previous experience as an hotelkeeper, he will be able to give general satisfaction.

## WARRNAMBOOL STARCH AND FARINA MILLS.

**Aitkin & Paterson, Warrnambool, Proprietors.**

**The following is Mr. Sydney Gibbons' Report on the Warrnambool Farina:—**

"I have analysed, by desire of Messrs. Aitkin and Paterson, a sample of their manufacture, entitled 'Warrnambool Farina,' and I verified the sample by comparing it with some purchased in Melbourne by myself for that purpose.

"The Farina is very well manufactured, and free from any foreign matter. It is, in fact, a genuine Starch Flour, precisely similar to Arrowroot and Maizena, and is consequently adapted for all the purposes for which those substances are commonly used.

"It is a very wholesome and palatable preparation.

"Besides my chemical and microscopic examination, I subjected both samples to the domestic test, by having them separately dressed for table, and with satisfactory results.

# FORD'S QUININE WINE.

## MESSRS. W. FORD & CO.

Desire to draw attention to the fact that this preparation was introduced by them in the year 1854, since which time they have had numerous opportunities of witnessing its beneficial effects in cases of

**DYSPEPSIA, NERVOUS DEBILITY, NEURALGIC AFFECTIONS,**

And in general relaxation of the constitution, arising from a long residence in warm climates.
